RUSSIANS ARE SLASHING WAY TOWARD LEMBERG

POLICE CAPTURE MAN WANTED FOR MANY OFFENSES

Arrested Filipino Admits Enter-
ing Ten Houses and Will
Tell More Later

MUCH BOOTY FOUND WHEN MAN IS CAUGHT

Suspect Prisoner Is One Who
Wounded Priest When
Caught in Chapel

The most extensive burglary cam-
paign ever conducted individually in
Honolulu was probably effectively
checked last night by Capt. Arthur
McDuffie by the arrest of Emencio
de la Cruz, a Filipino escaped con-
vict, who admits 10 recent robberies
and says he will tell of more "when
he has time to think a little."

Not only has McDuffie finally
caught after weeks of diligent search-
ing, a jail-breaker and a burglar but
the captain believes from Cruz's testi-
mony that he is the Filipino who at-
tempted to murder Hara Kawasaki in
the Japanese temple on King street
near Beretania junction July 15,
when the latter surprised a burglar
and grappled with him.

Cruz was arrested last night by a
squad consisting of Capt. McDuffie,
Sergeant Kellert, Detective Clerk Hut-
ton and Detectives Silva and Ocampo
who tracked him to his hiding place
on Numa street between Kukui and
Beretania streets and took him after
a struggle. Cruz tried to reach his
pistol under a pillow but McDuffie
gun "covered" him too quickly.

Several articles stolen by Cruz
were found in his room, including val-
uable watches, money, rapors, clothes,
knives, keys and a bicycle. A coat
and a razor taken from the home of
A. Mizumi, a Hawaii Shingo reporter,
July 26, are two of the recovered
articles. Cruz was wearing the coat
when examined by McDuffie this
morning; the razor was in the pocket.

April 30, 1915, Cruz went to prison
for first degree burglary; a short time
later McDuffie, now caught upon in-
formation furnished by McDuffie, and
returned to jail. May 19, 1915, this year,
he escaped again, this time from the
Moiliili quarry, and had been at large
until last night. McDuffie has thought
for some time that the escaped con-
vict was responsible for successive
robberies but was unable to snare him.

Cruz has followed peculiar tactics
in most of his burglaries and attempt-
ed robberies. He left something be-
hind at nearly every place entered,
and usually something that had been
previously stolen from another place.
For instance, he left a butcher knife
thought to have been the one which
cut the Japanese priest, in a house
nearby where a pair of shoes was
stolen; at another place a bunch of
keys, taken some time before, was
left behind and at still another home
he left a suit of clothes.

The wholesale burglar talked quite
freely to McDuffie this morning,
telling of robberies he remembered.
He promised to divulge more. Those
admitted by Cruz, and properly re-
covered in each, are the following:
Tosaka's residence, Moiliili, May 24,
watch and chain, spectacles and cloth-
ing taken. Watch said to be pawned
at Pauka.

Attempted burglary, 838 North
King street, Ah Lan residence, June 1.

K. Uyeda home, Vineyard street,
June 8, keys, watch, chain and purse
stolen—recovered.

K. Furuya residence, Banyan road,
Palama, June 7. Clothing—not found.
William Marshall home, Campbell
and Martha avenues, June 18, Kapa-
hulu. Revolver and cartridges stolen
—recovered.

T. Tanaka, 1900 Beretania street,
June 28. Eight watch taken—found.
K. Kono, 243 Kunkuli street, July
12. Purse and shoes taken—found.
A. Mizumi, King street, opposite
Palama fire station, July 26. Coat
and razor taken—recovered.

McDuffie believes Cruz burglarized
some home or tried to, practically
every day since his escape from
prison. In every instance the rob-
bery was made at night and quite
often while residents were in the
home. Cruz seemed to have no fear
and stole indiscriminately. He will
be arraigned in police court probably
next week.

BANKERS' TAX GOES DELINQUENT MONDAY; MOST HAVE PAID UP

Monday is the last day on which
Honolulu and other banks on the is-
lands can pay the special bank tax
imposed by the treasury department,
and collected by the U. S. Internal
revenue office here. Collector John F.
Haley announces today.

Haley tax is based on capital, sur-
plus and undivided profits at the rate
of \$1 net every \$1000. Although a
large percentage of banks in the ter-
ritory have already paid the tax, 90-
are still outstanding and must be
paid on or before July 31 or go delin-
quent. Fifty per cent is added after
that date and delinquent banks are
subject to prosecution.

try are Chicago, Milwaukee and
St. Louis.
Twenty-five deaths from heat

for the Marshall contract will allow of an extra 500 feet being gone
ahead with on the breakwater.

given by Ralph Johnstone, deputy internal revenue collector, at a prelimi-
nary hearing of the Li case this afternoon. Li is charged with having vio-
lated the Harrison narcotic act.

the "rational cure," and who is said to be the government's principal wit-
ness against Li, was to be a witness this afternoon.

ADMIRAL C. J. BOUSH'S SUCCESSOR HERE NAMED

Captain George R. Clark, Daniels Man, Selected as Comman-
dant of Naval Station—Prominent in Navy Educational
Work.

(Associated Press Service by Federal Wireless)
WASHINGTON, D. C., July 28.—Capt. G. R. Clark has been designated
as commandant of the naval station, Honolulu, succeeding Admiral Clifford
J. Boush. Capt. Clark for the past year has been a member of the naval
retiring and examining board. He was previously aide to Secretary Daniels
for education, and had charge of all the naval educational work conducted
by Mr. Daniels.

Capt. George R. Clark has to his credit a distinguished career in a
United States naval officer. He is 59 years of age, graduated from the U. S.
Naval Academy in 1878 and has nearly three years left for active service
before retiring for age. He has seen service in the Atlantic, Pacific, Medi-
terranean and China squadrons; took part in the Spanish-American war,
Philippine insurrection and Boxer rebellion; is a member of several military
orders and an author of note upon naval subjects. His present home is in
Washington.

"Capt. Clark is a fine officer and a man of delightful personality,"
said Admiral Boush this morning, when over the telephone to Pearl Harbor
the Star-Bulletin informed him of the selection of his successor. "I know
him very well and he is highly regarded."

Capt. Clark has a wife and one daughter. It is expected the family will
come here soon. Admiral Boush retires for age on August 13. Much re-
gret is expressed among Honoluluans at the retirement of the admiral.

NEW NAVY MAKES ITS APPEARANCE TUESDAY

The largest ocean-going battle fleet in the world!
That is what could be said of the thirty-five submarines and forty
cruisers to be launched next Tuesday by the Star-Bulletin and which
will set out immediately on a voyage that every one of our readers will
follow with intense interest.

It is no easy task to build, equip, provision and man seventy-five
war vessels, especially when only a few days are allowed in which to do it.
But in this case it was done, and done thoroughly, and when this
mighty armada sails forth majestically next Tuesday no effort will
have been spared to make it the strongest and most formidable aggre-
gation of sea-fighters ever assembled under one flag. As you gaze upon
it next Tuesday you'll realize how meager and inadequate is our descrip-
tion.

This fleet is capable of putting up a terrible battle, as an enemy
would soon find out. But its prime purpose is not one of war but one
of peace, and the message it will carry should bring pleasure and fun
to every family circle in Hawaii.

Watch for news of the launching of this fleet next Tuesday. Then
keep yourself informed regarding its every move. For each maneuver
it makes spells opportunity to every doctor, stenographer, lawyer,
school boy, housekeeper, drayman, merchant and sales girl in Hono-
lulu.

The fifth annual accounts of San-
ford B. Dole, A. Lewis, Jr., and J. H.
Henderson, trustees under the will of

Hite as master. The trustees charge
themselves with \$60,919.75 and ask
to be allowed \$50,919.92.

Coke, Resigning, Clears Way For Naming to Bench

Rumor Territorial Senator Will
Succeed Judge Stuart Is
Strengthened by Latest De-
velopment

Definite indications that Senator
James L. Coke of Honolulu will be ap-
pointed third circuit judge to succeed
Thomas B. Stuart of letter-writing
fame, developed today. Coke handed
to Governor Pinkham his resignation
as territorial senator and the governor
immediately accepted it. In accepting
the letter, the governor expressed his
appreciation of the senator's public
services.

The formalities were as follows:
Letter of Resignation.
Honolulu, July 28, 1916.

Hon. Lucius E. Pinkham,
Governor of the Territory of Hawaii.
My Dear Governor: I hereby re-
sign as a member of the senate rep-
resenting the Third Senatorial District
in the legislature of the Territory of
Hawaii. This resignation to take ef-
fect upon the date hereof.

I have the honor to remain,
Very respectfully yours,
JAMES L. COKE.

Governor's Acceptance.
Executive Chamber,
Honolulu, July 28, 1916.
Honorable James L. Coke, Honolulu,
T. H.

My Dear Senator: I am in receipt
of your favor of this date resigning
from your membership of the territorial
senate representing the Third Sena-
torial District in the legislature of
the Territory of Hawaii. In accord-
ance with Section 31 of the Organic
Act, I accept your resignation.

I beg to note my sincere appre-
ciation of your public services.

Very sincerely,
LUCIUS E. PINKHAM,
Governor of Hawaii.

Whether his status as a senator
would bebar him from appointment as
judge during his senatorial term is a
question raised concerning Coke as a
judicial possibility. Under the Orga-
nic Act members of the legislature are
ineligible to certain appointments. The
exact status has never been settled.
His resignation, therefore, is believed
to clear the way, and it is a matter
of common rumor that Coke is likely
to be recommended to the president
by the attorney general.

In practical effect, there are only 90
days remaining of Coke's four-year
term and there is no prospect of an
extra session, so that he is considered
to have discharged his duties as a sen-
ator fully. If a special legislative ses-
sion should be called after the Novem-
ber election at which his successor is
chosen, the newly-elected man would
qualify for the session.

BRODY FALLS TO SLAVS; SEA BATTLE OFF SCOTTISH COAST

GERMAN SUBMARINES AND BRITISH PATROL BOATS IN
ENGAGEMENT— EXECUTION OF ENGLISH MERCHANT
CAPTAIN WHOSE SHIP TRIED TO RAM TEUTON DIVER
STIRS ALLIED COUNTRIES—HARD FIGHTING ON WEST

BULLETIN.
(Associated Press Service by Federal Wireless)
PETROGRAD, Russia, July 28.—The Russians took Brody this after-
noon.

PETROGRAD, Russia, July 28.—Driven from Slonevka and Boldurevka
in Galicia, the Teuton forces are fleeing before the Russians toward Brody,
on the road to Lemberg. Explosions and fires are observed in Brody,
which the Teutons are probably evacuating.

BERLIN, Germany, July 28.—Several German submarines and three
British patrol-boats battled off Scotland today. One of the British vessels
was sunk, says the Overseas Agency. Six dead are reported.

The war office announces that two Russian army corps in East Goro-
diche delivered attacks against the Germans today but failed to make head-
way and the battle is continuing. Southeast of Vladimir-Volynski the Rus-
sians have resumed their attack and have penetrated von Linsingen's lines
northeast of Svinich, where the Germans are making a counter-attack.

ROME, Italy, July 28.—The Italians today gained additional ground in
the Dolomite mountains. They battled with the defending Austrians on
Monte Colbricon, extending their positions. The Austrians were repulsed
in various sectors.

English Steamer Captain Executed-

Adjudged guilty of the crime of "franc-tirerism" on the sea, a Brit-
ish merchant steamer captain, Charles Fryatt, has been shot to death by
German military authorities.

The news came to the Star-Bulletin today among the official German
cablegrams with war-news. A "franco-tireur" is a sharpshooter or guerrilla,
the term being French, and during the present war has been applied to the
"snipers." So far as is known, the execution of Fryatt is the first in-
stance where the doctrine of execution for "franco-tirism" has been ex-
tended to the sea.

Associated Press despatches confirm the German announcement and in-
dicate also that the Allied countries are aroused by the occurrence and
threaten retaliation.

OFFICIAL GERMAN CABLEGRAM.
BRUGGE, WEST FLANDERS, Belgium, July 27.—Proceedings
have been held of the field court of the navy corps against Captain
Charles Fryatt of the English steamer Bruzzels, which was brought in
as a prize a few days ago.

Fryatt has been sentenced to death, because, although not belong-
ing to the armed forces, on March 28 near Maas fire-ship he tried to
ram a German submarine, the U-33.

Fryatt and the first officer and first engineer received from the
British admiralty golden watches for "brave conduct" and were men-
tioned in the House of Commons.

The U-33 had signalled to the British steamer to show her flag
and stop but Captain Fryatt did not heed the signal. He turned at
high speed towards the submarine, which escaped only by diving im-
mediately some meters under the surface. Fryatt admitted that he had
followed the instructions of the British admiralty.

The sentence was confirmed and Fryatt was executed for the franc-
tireur crime against the armed German sea-forces.

LONDON, Eng., July 28.—The news of the execution of Capt. Fryatt
has caused Sir Edward Grey to despatch a request to the U. S. ambassador
at Berlin, James Gerard, to procure the details of the execution.

Feeling Stirred Among Entente Group

(Associated Press Service by Federal Wireless)
WASHINGTON, D. C., July 28.—The news of Captain Fryatt's
execution received here today, has stirred up much feeling among diplo-
matic and other quarters connected with the Allied powers.

The execution is regarded as a violation of international law, and
diplomats, while declining to be quoted, made it plain that the deed is
likely to result in retaliatory measures against the Germans.

British Troops Clear Delville Wood

(Associated Press Service by Federal Wireless)
LONDON, Eng., July 28.—The British today made a sweeping
attack on Delville wood, west front, and captured it. To take the
wood, which was defended stoutly, they had to dislodge the fighting
Brandenburg division, but this was driven out by their charges.

Russians Launched on Western Front

(Associated Press Service by Federal Wireless)
PARIS, France, July 28.—Despatches received here say that the
Russians have penetrated the German trenches near Aubervie, on the
west line, and cleared them with hand-grenade attacks. These are
among the first Russians to be used on the west of those landed at Mar-
seilles. The Russians took some prisoners.

The French infantry repulsed German attacks near Lihons. On
the right of the Meuse French artillery stopped preparations for an at-
tack on the Thiaumont works.

In the Balkan arena, say despatches today from Saloniki, the Ser-
bians began an offensive against the Bulgarians in Macedonia. The
Serbians occupied a series of heights, which the Bulgarians are endeavor-
ing to regain by counter-attacks.

PETROGRAD, Russia, July 28.—In Volhynia, Galicia, and other
sectors on the east front, the Russians today continued their advance,
winning ground in the region of the rivers Slonevka and Boldarovka.
The Russian Caucasian army is also advancing.

U. S. Plan to Aid Poland Advancing

WASHINGTON, D. C., July 28.—Ambassador Penfield has cabled
from Vienna that he has been given assurances by Austria that this
government favors the appeal of President Wilson for American relief
for Poland and for an agreement among the belligerents that the war
be cleared for the distribution of relief supplies.

Ambassador Walter H. Page has cabled from London that Britain
is willing that there shall be in Poland a duplication of the plan of re-
lief distribution in Belgium under the Hoover commission, providing the
Teutons will guarantee not to remove products of the occupied territory
when the outside supplies begin to come in.
